

Amare Happy Juice®

Gut-Nourishing Probiotics Meet Brain Fueling Nootropics

What It Is

An easy-to-mix drink that blends cutting-edge probiotics, prebiotics, phytobiotics, and plant-based nootropics to support gut health, stress resilience, and motivation.*

Why You Need It

Amare Happy Juice® is designed for those moments when you want to feel less “blah” and more on top of your game. Delicious, easy and convenient, this daily drink contains ingredients that address low motivation, lack of focus, and poor concentration that can take over your day.*

How It Works

Amare EDGE+™ is designed with high-performance plant-based nootropics including Mango Leaf, Lychee Fruit, Palm Fruit and Lion’s Mane.

- **Mango Leaf** - is a sustainably sourced, botanical powerhouse that’s packed with beneficial compounds and a variety of bioactive nutrients to help support motivation and mental flow.*
- **Lychee Fruit** - naturally sweet and nutrient-dense, this tropical fruit is a rich source of bioavailable polyphenols—powerful plant compounds that help support endurance for both body and mind.*
- **Palm Fruit Bioactives Complex (PFBC™)** - sourced exclusively from sustainably harvested Palm Fruit, is high in unique water-soluble shikimic acid flavonoids and supports neuron health.*

*THESE STATEMENTS HAVE NOT BEEN EVALUATED BY THE FOOD AND DRUG ADMINISTRATION. THIS PRODUCT IS NOT INTENDED TO DIAGNOSE, TREAT, CURE, OR PREVENT ANY DISEASE.

- **Lion's Mane** - has been used in traditional Chinese and Asian cultures for centuries and helps to support neuron health and memory.*
- **Natural Caffeine (Mango Flavor Only)** - from Green Coffee Beans supports body and mind energy, cognitive performance and attention.*

MentaBiotics® combines clinically validated probiotics, prebiotics and phytochemicals to support mental wellness through the gut-brain axis.

- **MW3® Probiotic Proprietary Blend** - with three unique strains of probiotics that help the body manage stress more efficiently, support healthy cortisol levels and promote a healthy mood balance.*
- **MW3® Prebiotic Proprietary Blend** - combines three prebiotic fibers for gut nourishment supporting a thriving, and diverse microbiome.*
- **Phytochemicals** - also known as phytonutrients, help protect the microbiome and support the gut-brain axis.*

The Science

Approximately 90% of your serotonin is produced in your gut. When your gut is balanced and thriving, it sends signals to the brain that help support mood, mental clarity, and stress resilience. Formulated for the gut-brain axis, Amare Happy Juice combines the gut-nourishing ingredients of MentaBiotics, with the brain fueling ingredients of Amare EDGE+ to help you feel your best from the inside out.*

How To Mix Your Happy

Step 1: One stick pack of MentaBiotics +
One stick pack of Amare EDGE+

Step 2: Mix with 16-20 oz of
water. Customize to your taste!

Step 3: Enjoy!
